Mark and I chose to teach your class because of what we have experienced. We have experienced doubt.

-Please read Matthew 14:22-33. Peter walk with Jesus and experienced doubt.

-Please read James 1:2-8. James talks about doubt and being blown around by waves. Please read Hebrews 6:13-20. God cannot lie. God is our anchor.

-Now I could tell you how these verses interact and what scholars say. But I would prefer to hear from you. With whom do you relate? What do you think these say? When do you feel doubt? (About anything)

-Please feel free to email your answers to: mkaderby@gmail.com

***One other thing, just for fun. Google exploding stick bombs. See if you can make a few. And let me know how that goes.
